

USDA CYBER SECURITY BPA
AG-3142-B-06-0039

Let Newberry Group assist you in using the USDA Cyber Security BPA to its full potential.

SAVE TIME AND MONEY

Do you need a contract in place quickly?

This contract procures more than just C&A support. It offers a full spectrum!

The USDA Cyber Security BPA will provide a quick acquisition process and project turnaround; support of your task order can begin immediately upon award.

The customer, or Requesting Activity (RA), can coordinate a Statement of Work (SOW), fund its procurement and solicit competing bids across all prime BPA contract holders.

Do you want an easy, customer-friendly procurement alternative?

The USDA OCIO Contracting Office is dedicated to expediting BPA procurements. **Vivian McPherson** is our USDA representative for this BPA. She can be reached at **(202) 720-2649**.

Newberry offers customized responses and our dedicated Cyber Security Practice to each individual customer, allowing for complete understanding and support of your requirement.

WHO CAN ACCESS THE BPA?

All USDA Agencies have access to the BPA, and can utilize it for any security-related support services

Newberry has an open teaming policy, allowing for the addition of new partners with needed and unique capabilities. We can add subcontractors under this BPA should your agency have a task or requirement that existing BPA contract holders cannot support.
